

REMARKS

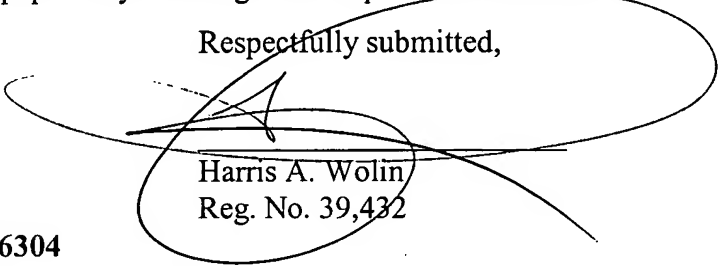

An Office Action was mailed on March 11, 2004. Applicant filed a Response on June 11, 2004. However, Applicant just became aware of certain deficiencies in said Response that are now being corrected herein.

Specifically, claim 5 has been amended from "exposure system" to -- imaging system --, as was amended in claim 4 of Applicant's Response of June 11, 2004. Claim 7 has also been amended to depend from claim 9 because the step of "providing a reference image" was deleted from claim 6 in Applicant's Response of June 11, 2004, and now appears first in claim 9.

In the drawings, box 50 of Fig. 2 has been amended so that is properly labeled -- imaging carriage --, not "imaging cartridge."

Any fee due with this paper may be charged on Deposit Account 50-1290.

Respectfully submitted,

Harris A. Wolin
